\$ 800 1/3 page

\$1,100 1/3 page

File Requirements

We accept print/press optimized CMYK or grayscale PDF files only.
Please follow the guides below in preparing your files.

All files will be flight-checked upon arrival. There is no charge for this service.
Since PDF is a lock down file format, we are only responsible for the accurate output of the digital ad as submitted.

Graphics placed in the ad must be:

- CMYK or grayscale. Do not use RGB or PMS colors
- eps or tif files. Do not use gifs or jpegs
- Line work should be scanned at least 800 ppi, halftone at least 300 ppi
- Do not scale your rasterized graphics since this changes the ppi.

Fonts:

- Use postscript fonts. Do not use True Type fonts as these have a tendency to cause printing problems
- Embed ALL fonts. If fonts are not embedded then default substitution may occur.
- Do not faux bold or italic your fonts.
